Hello, Nguyen Quy Anh ! We were good friends while you stayed at Felix. My special gratitude is that you cordially invited me to a Sywulka Music Family's Christmas Party (Whittier, Los Angeles). It was so fun. I remember you got your driver's license in USA with my help. You made it, so my help worked out. We practiced driving lessons at evening, for example, you got in driving seat and I sat at the passenger-seat; then we drove through Pico Steet all the way to Santa Monica, like that, remember? You took me to a Vietnamese temple at China Town, Los Angeles. “Mitsu, Mitsu”, right? that's the way you called me. You had a quarrel with Mr. Felix, .. well .., you shouldn't do that. Got to be obedient. It was just the matter of closing the door ! Generally speaking, as far as you are fine with me, most of my friends are life-time friends (long lasting friends). Why don't you re-new your current contact to me?

Oh!, Oh!, Oh!, did you study well MBA course at Willamette University ?
